

GROCERY STORE BUDGETING CHALLENGE

TRAVEL PLANNING ADVENTURE

SAVING FOR A TOY

YARD SALE PROFIT CALCULATION

You have €25 to buy ingredients for a family dinner.
Here's the price list:
Chicken €6,
Bag of Potatoes €3,
Ice Cream €5,
Green Beans €2,
Apples (per kg) €1.50.
What items can you buy to stay within budget?

You're planning a day trip to a city 193 kilometers away. If your car consumes fuel at a rate of 12 kilometers per liter and fuel costs €1.40 per liter, how much will the round trip cost in fuel?

You want to buy a new toy that costs €45. If you save €5 from your allowance each week, how many weeks will it take to save enough money to buy the toy?.

You are having a yard sale! You sell 4 books for €2 each, a skateboard for €10, and a lamp for €5. How much money do you make in total? If you were trying to raise at least €30, did you meet your goal?

SCHOOL SUPPLIES DIVISION

Your teacher gave you 20 pencils to share equally with 4 friends. How many pencils does each person get? If one friend gives you back 2 pencils, how many do you have now?

PICNIC PARTY BUDGETING

You're hosting a picnic for 10 friends and have a budget of €50. Sandwiches cost €2.50 each, and juice boxes cost €0.50 each. How many sandwiches and juice boxes can you buy? Is there a better way to spend the budget?

BIRTHDAY PARTY BUDGET

You are planning a small birthday party and have a budget of €40. The cake costs €18, party hats cost €2 each, and goodie bags are €3 per child. If you want to buy a goodie bag for each of the 5 children attending, how much can you spend on party hats?

PLANTING A GARDEN

You want to plant a garden and need to buy seeds. Each packet of seeds costs €1.75. You also want to buy a small shovel for €8 and a watering can for €6.50. If you have €25 to spend, how many packets of seeds can you buy after getting the shovel and watering can?
